

January 2020

## **REACH Certification of Compliance for MPI Tech products**

MPI Tech supports the goals of REACH (Registration, Evaluation, and Authorization of Chemicals) which are consistent with our own vision towards responsible use and handling of chemicals and hazardous substances.

This document clarifies that all parts, MPI Tech employs in process of manufacturing:

- Are compliant with REACH legislation
- Are not intended to release hazardous substances during normal or reasonably foreseeable conditions of use
- Do not contain any of the 205 SVHC (Substances of Very High Concern) described by the ECHA (European Chemicals Agency) on January 16, 2020 at levels surpassing the threshold of 0.1% by weight

MPI Tech works actively with its suppliers to ensure continued compliance with REACH legislation. Furthermore, MPI Tech remains vigilant in monitoring the SVHC candidate list for new additions.

The candidate list can be found in the following web page:

<http://echa.europa.eu/web/guest/candidate-list-table>

Best Regards,  
MPI Tech A/S
